

AP American Politics and Government
Mr. Tierney 2010-2011

The summer reading for this course includes two things:

- (1) Please read *The American Lie* by Benjamin Ginsberg. (Boulder: Paradigm Publishers, 2007). Paperback.
- (2) Please keep up with national political and governmental news every day, as best you can. To help call your attention to news items I want to be sure you are following, I will be maintaining a blog for this course. You can find it at: <http://ncds-apgov.blogspot.com> . Get in the habit of checking it regularly and read the items I link to.

Have a good summer.
